DIRECTOR'S MESSAGE

Welcome to the Manu Law College, Institute of Legal Studies. Although our curriculum and classrooms have continued to incorporate new developments in the fields of LAW and technology, we recently started online classes to help minimize the impact of the corona-virus (COVID-19) outbreak on students. The Legal scenario of the world is changing rapidly and the demand of time for the society is increasing about good and value-based advocates as well as judicial officers and the corporate world is also thirsty for trained and qualified lawyers. Our emphasis is not only on the quality of education, but on development of necessary skill as well as our integration of entrepreneurship into the curriculum. I believe students should not only need a strong foundation in core academic subjects, but also need to acquire the knowledge, skills, and points of view necessary to interact successfully across a variety of cultural groups as well as grapple with issues and problems whose causes and foundation are more complex than ever before, that cross local, national and international boundaries and whose solutions require new approaches to problem solving. I worked not only as the top administrative officer in Uttar Pradesh but also worked on social work strategies through educational programs/resources for the weaker section of the community. According to this experience, I can say that rural areas play important roles as the bases for sustainable agricultural development, where very less people are aware of law and the poor cannot hire an advocate. So, I decided to serve the society and make law education affordable and available to each section of the community in Maharajganj District. Manu Law College is an exceptional, selective college for studies and we have dedicated ourselves to meeting to needs of multi cultural groups of students, emphasizing on an interdisciplinary approach to learning. The objective of establishing this Institute of legal knowledge is to give legal knowledge of high quality to the people of Eastern region and to develop the backward area. Although there can be many mediums of earning a employment, but the best medium for social service can be spread of education in the society. In order to fulfill this objective, my father established the Rashtriya Intermediate College in the year 1958, which is unique in this district in the field of carrying on the dreams and thoughts of father. Giving all students for awareness of Legal studies for all round development in this very backward area keeping in mind that all the students of Manu law college can grow in the field of PCSJ, APO, Legal Adviser, Attorney General, Banking, Life Insurance Companies, and also as a Legal Adviser to big Law Firms and by becoming a good Advocate. With this purpose the college was established in 2018-19 We believe in giving the power of knowledge to all our students. Manu law college has always placed the most important emphasis on professional knowledge, which every lawyer should have and this knowledge is imparted to them within the framework of those orders which should be for the study and practice of law. High quality Library, e-library, projector, seminar, group discussion debate, moot court competition, field visit in the field of learning and teaching etc. is trying to impart knowledge through all techniques. It provides greater credibility for all students in their relationships with each other and faculty. It also creates a strong sense of society that generates shared respect for each other as a legal scholar for society in the form of law. I feel that the Manu law college will discharge its role in fulfilling all the limitations in time.

Your's sincerely.
